

**He whānau  
whare kore,  
he kai mate hau**  
**Addressing whānau  
homelessness**

**HUI  
CONFERENCE**

**Join us on 21 February 2018**

The New Zealand Coalition to End Homelessness (NZCEH) is honoured to invite you to attend the 2018 Addressing Whānau Homelessness Conference. We extend a warm invitation to service providers, academics, researchers, and community practitioners and members. The conference is open for attendance by all.

The theme of the conference 'He whānau whare kore, he kai mate hau Addressing whānau homelessness' broadens our understanding of whānau/family to include whānui and all communities of support. It is from an understanding of our interconnectedness that we can work together to address the struggles impacting the diverse communities that we belong to.

We encourage abstracts for oral presentations (15 minutes + 5 minutes questions) or poster presentations that include one or more of the following:

1. Innovative ways of working with street and community whānau/families
2. Experiences of engaging with whānau/families from diverse social and cultural backgrounds (including Māori, Pacific, refugee, migrant, visible and non-visible disabilities, youth, aging, and LGBTIQ+)
3. New solutions for persistent challenges to addressing whānau/family wellbeing

### **Abstract submission process**

Abstracts of 150 words must be submitted via our website at [www.nzceh.org.nz](http://www.nzceh.org.nz). The submission must include a title of no more than 15 words; the aim of your presentation and some background to your presentation. Please also include author/presenter information (name, email, contact details, country, organisation).

Abstract submissions are **due by the 31 August 2017**
